

2nd International Symposium "Digitization of Cultural Heritage of Bosnia and Herzegovina"

17 - 19 may 2010, Sarajevo, Bosnia and Herzegovina

CALL FOR PAPERS AND SPECIAL SESSIONS

"In order to reach destination, one needs to start." - Honore de Balzac

Second International symposium "Digitization of Cultural Heritage of Bosnia and Herzegovina" is organized with goal to systemize knowledge and approaches in the area of protection and usage of culture-historical heritage, museum, archive, library, publishing, theatrical, musical, visual, movie and public performance activities, generally everything that contributes to preservation of identity of particular territorial area and other disciplines that frame those contents for Internet and multimedia applications. Today, it is the only way to both fully promote those values to others and make them available to researchers of various profiles. It has special importance for small countries like Bosnia and Herzegovina is.

Current technical and technological achievements create a need to raise the question of digitization of cultural heritage as an issue that should be as soon as possible systematically analyzed and solved. Organizers of symposium "Digitization of Cultural Heritage of Bosnia and Herzegovina", aware of hurdles that are part of first steps in any activity, believe that with support and cooperation of all invited, expected results will be not only achieved, but exceeded.

CONFERENCE TOPICS

- > Priorities in cultural heritage digitization
- > 2/3/4D Data Capture and Processing in CH
- > Augmentation of physical collections with digital presentations
- > Data Acquisition Technologies
- > Digital capture and annotation of intangible heritage (performance, audio, dance, oral)

- > Metadata, classification schema, ontologies and semantic processing
- > Professional and Ethical Guidelines
- > Standards and Documentation
- > Storytelling and Design of Heritage Communications
- > Tools for Education and Training in CH
- > Usability, Effectiveness and Interface Design for CH Applications
- > Visualization

IMPORTANT DATES

10.02.2010. Deadline for submission of abstracts

19-20.05.2010. After the Symposium the Fifth SEEDI Conference "Digitization of cultural and scientific heritage" will be held organized by Faculty of Electrical Engineering.

ORGANIZERS

- » Faculty of electrical engineering Sarajevo
- » BH Telecom d.d. Sarajevo

TECHNICAL CO-SPONSOR

- » IEEE B&H Section Communication Society Chapter

INVITED SUPPORTERS

- » HT Mostar
- » Ericsson BiH
- » Microsoft BiH
- » Iskratel
- » Alcatel
- » proCADD
- » Cisco
- » Oracle
- » Nokia-Siemens
- » Hermes Soft Lab
- » Siemens

CO-CHAIRS

- » Narcis Behlilović (ETF, Sarajevo, BiH)
- » Nasuf Hadžiahmetović (BH Telecom, Sarajevo, BiH)

INTERNATIONAL PROGRAM COMMITTEE

- » Kemo Sokolija (BiH)
- » Nedžad Rešidbegović (BiH)
- » Stipe Prlić (BiH)
- » Zoran Ognjanović (Serbia)
- » Branka Zovko-Cihler (Croatia)
- » Edvard Sternad (Slovenia)

ORGANIZATION COMMITTEE

- » Narcis Behlilović
- » Mirsad Raščić
- » Selma Rizvić
- » Pamela Begović
- » Kerim Kalamujić
- » Nasuf Hadžiahmetović
- » Mesud Hadžialić
- » Saša Mrdović
- » Jasminko Mulaomerović
- » Adnan Busuladžić
- » Amra Madžarević
